Announcements	<ul style="list-style-type: none"> • The Faculty Development Leave Policy has been renumbered to 6.113. Please check your college bylaws to see if there is any reference to the policy that may need to be edited to reflect the change. • Policy updates are coming soon reflecting new regulations around Flex Work Agreements. • RAD will be in person on April 17, 2026.
President's Updates	<ul style="list-style-type: none"> • N/A
Provost's Updates	<ul style="list-style-type: none"> • Flexible Work Agreements <ul style="list-style-type: none"> ◦ UNT is currently maintaining the ability to assign remote work and flexible schedules, as existing practices largely meet or exceed new legislative requirements. The Legal team is working to formalize the application of the new law across all institutions. ◦ Faculty Flexibility: Faculty cannot unilaterally change in-person classes or office hours to remote/online formats. ◦ Out-of-State Employees: This is the most complex area and will take the longest to resolve. The university is evaluating labor laws in other states and will require employees in states with dissimilar labor laws to remediate (move to the state or seek other employment) within a specified timeframe. ◦ Exemptions/Carve-outs: For roles like adjunct faculty, guest lecturers, and clinical preceptors, the legislation <i>appears</i> to have a specific exemption for these scenarios, and it is not currently flagged as a high-priority concern. ◦ Policy Updates: Pre-legislation, flex policies were primarily for staff. Policies are expected to be updated to be more inclusive of all employee types (e.g., faculty) once final guidance is received. ◦ Full implementation and formal guidance are still pending. • Strategic Plan for Academics <ul style="list-style-type: none"> ◦ Top 3 five-year priorities <ul style="list-style-type: none"> ▪ Double learners <ul style="list-style-type: none"> • Currently 5K, need to be 10K <ul style="list-style-type: none"> ◦ Targets for growth: Frisco, DPT, Nursing (FW, Dallas, Frisco) • 4.9% growth the past year. Prediction of conservative growth estimate is 5% “count year to count year” (every 2 years). We are only UNT System that grew this year • Facilitated by DFW growth and growth in healthcare, as public institution we have high ROI degrees.

	<ul style="list-style-type: none"> • CE programs through DAI grew over 300% in past year. Many untapped opportunities here. ▪ Double clinical enterprise <ul style="list-style-type: none"> • Goal for clinic to financially support academic rather than the other way around ▪ Increase research expenditures by 5% <ul style="list-style-type: none"> • Increasing accepted PhD students • Provost Ray can share more details in presentation at future senate meeting • Performance Management <ul style="list-style-type: none"> ○ Refer to what Kemp Louis spoke about at Town Hall as the message on record. Recommend inviting Kemp to a future meeting. He can talk about compensation ecosystem • Academic Climate <ul style="list-style-type: none"> ○ Partnered with legal and government relations to do campus-wide syllabi review. ~5 required deeper understanding to understand lesson plan and its ties to best practice, evidence, and accreditation standards. ○ To be proactive, Provost's office started workshops to address pedagogy around these subjects. ○ If you want to discuss more in a casual conversation, please visit Dr. Ray at Pizza with the Provost.
Cabinet Report	<ul style="list-style-type: none"> • No cabinet meeting in November, President Fix has had one-on-one meeting.
Values Committee Update	<ul style="list-style-type: none"> • N/A
Communications Committee	<ul style="list-style-type: none"> • Planning Winter assembly for January 14. Will review Faculty Concerns survey results there. • If any Senators were unable to attend the previously held training opportunities for X2o but would still like training, please work with your departments to schedule a departmentwide training session with Stephen McBroom. • The annual project is still under review and in the planning phase <ul style="list-style-type: none"> - Project suggestion is to create a platform where all colleges will be able to share and collaborate in one space.
<u>ECDC</u> Updates	<ul style="list-style-type: none"> • Pathways to Leadership: Insights from Faculty Success and Emerging Leaders Panel was held on Wednesday, November 12. <ul style="list-style-type: none"> - Good turnout and lots of great information and discussion - PA Womack moderated - Panelists included Roxanne Zascavage, Stacey Griner, and Sarah Ross

	<ul style="list-style-type: none"> Events in the planning phase: <ul style="list-style-type: none"> - Two-part workshop on 1) AI in course development, and 2) AI in research - Day and times TBD: Session 1 will be held in February, and session 2 will be held in March Spring P&T Workshop – stay tuned for more information
<u>WFN</u> Updates	<ul style="list-style-type: none"> Book club will be held in February discussing “Critical Conversations” - Stay tuned for more information International Women’s Day event Friday, March 6, MET lobby 9:00 – 11:00 am Stop by for coffee, pastries, and to fill out a card to let another faculty member know how they have inspired you and why you are thankful for them Events in the planning phase: <ul style="list-style-type: none"> - A podcast episode with leadership on work-life balance - Subsequent podcasts surrounding topics on menopause and women’s health - Video highlights of faculty surrounding hobbies, passions, and life outside of their faculty role - Monthly yoga on the green, outside of IREB, beginning in the Spring Will partner with ECDC on the Spring P&T workshop
College Reports	<ul style="list-style-type: none"> CBTS <ul style="list-style-type: none"> ○ Losing several faculty members at end of semester, including dept chair. Already have an active faculty search for an additional vacant position. ○ Correction to recent announcement on growth of the institution. Undergrad program grew 80% (not 0.8%)! Thirty-five students were added to numbers for last Fall, up to 78 total. SCP <ul style="list-style-type: none"> ○ Concern received: delays when working with MarCom <ul style="list-style-type: none"> ▪ Ex: national NIH funding status report. Ranked 41 in US, 4 in state. UT and TAMU posted within a day. It took over a month here. Requesting if there is a process improvement for more quick responses? ○ New faculty members: Ankita Jaykumar, Storee Yzaguirre, and another offer is in process. CPH <ul style="list-style-type: none"> ○ Emily Spence received 2-year award from Challenge of Tarrant County ○ Teresa Wagner received a 1-year award from the City of Fort Worth ○ Kari Northeim received a 2-year award from Parker County EMS Services ○ Launched research brown bag meetings and meet once every two weeks

- Concern raised regarding the process for channeling applicants to admissions – they are not hearing back. Would like to work with enrollment management or admissions to improve the process or troubleshooting the issue.
- **CHP**
 - PA
 - Welcome Savannah Elkins, Asst Professor
 - Website update
 - Admissions completed for the year
 - PT
 - 2/3 admissions interviews completed
 - Completed interviews for final faculty member for hybrid program
 - **PHWB**
 - Clinical Nutrition is accepting applications for 2-3 faculty + 1 staff. One more staff position is coming soon
 - MSLS attending conference this week where MS Lifestyle Health and Coaching will receive a recognition award
- **TCOM –**
 - TCOM first-year student Moises Correa was awarded the Texas Medical Association's Special Funds Foundation North Texas Specialty Physicians Medical Student Scholarship.
 - Three TCOM students, Maggie Yip, Brittany Uebbing and Ananya Desai were awarded the 2025 International Medical Outreach Travel Grant from the American Osteopathic Foundation. They will travel to the Philippines in January of 2026 to provide care to residents.
 - TCOM is celebrating National Rural Health Day on Thursday, November 20 and is preparing to celebrate 30 years of the ROME Program in 2026. The Texas Medical Association is displaying a new historical gallery titled "The Rural Health Care Crisis in Texas" that details the history and challenges unique to rural health care in Texas. The ROME program is heavily featured in the solutions portion of the display, as many of the interviews with students and photos were taken on a medical mission trip.
 - There is no greater advocate for osteopathy and osteopathic medicine than TCOM's Dr. Kendi Hensel. She is leading the effort to organize a task force with the World Health Organization (WHO) to develop the first Technical Report for Training and Practice in

	<p>Osteopathy and Osteopathic Medicine worldwide. She traveled to Geneva in May to meet with officials from the WHO to begin that process.</p> <ul style="list-style-type: none"> ○ TCOM second-year student Nathaniel Teplitskiy has been honored with the 2025 Sterling K. Welch, DO, Scholarship. Nathaniel was one of only 40 students nationwide to receive this scholarship, which is presented by the American Osteopathic Foundation and recognizes strong academic achievement, participation in volunteer service activities, and a strong commitment to Osteopathic medicine ● CON <ul style="list-style-type: none"> ○ Two faculty resigned - one was a senator. A replacement will be elected on December 1 and will also default into the Senator Faculty Achievement Awards Committee seat. ○ Successful AI speaker event held this week was very successful ○ Dr. Jan Jowitt received the 2025 Community Impact Award from Texas Nurse Practitioners ○ Passed accreditation
General Business	<p>Review of Faculty Concerns Survey – J Fix, Presiding Officer</p> <ul style="list-style-type: none"> ● Reviewed results. Discussed strategies for and value of comparing FY 25 to 26. Results will be reviewed at Winter Assembly. Need to dig into the reasons for changes. How do we move the data gleaned to a place where we get results. Need to break through the silos to get to the larger themes. ● Discussion point regarding CBTS teaching in other programs and how those interactions go. Recommend more direct communication with parties involved.

New role as System Vice Chancellor for Health <ul style="list-style-type: none"> Allows for growth and expansion of UNT Health within the UNT System. More collaboration across system entities for health sciences education and student recruitment. Working externally to promote clinical presence with local hospital executives to enable more clinical rotation slots. Sr. level meetings focus on growth including research funding, faculty and student programs and internal clinical growth.
Provost's Updates	<ul style="list-style-type: none"> Updates in classroom and campus safety coming soon Administrator 360 evaluation progressing under direction of Dean Robinson and Dr. Haight with presentation coming in December. Focus of 360 evaluations is for professional growth and connection. Goal setting is an essential component of professional growth and organizational success. When setting goals for the upcoming fiscal year, consider what success would look like. Reflect on the key goals to achieve over the next year - whether that means refining or enhancing current work or pursuing a new goal that extends beyond foundational responsibilities. Criteria for annual performance reviews of faculty are set by colleges (see UNT Health Policy 6.103 Evaluation of Faculty); goals can be included in a holistic evaluation of each area. Goals provide a valuable framework for clarifying priorities, aligning individual efforts with broader institutional objectives, and fostering accountability. Clearly defined goals help focus attention on the behaviors, projects, and outcomes that contribute most to success, allowing employees and leaders to track progress and celebrate milestones along the way. By articulating meaningful, measurable objectives, we create a shared understanding of expectations and provide a roadmap for continuous improvement and achievement.

Provost's Updates	<p>Enrollment: Updated on enrollment numbers for various programs.</p> <ul style="list-style-type: none"> Cohort programs are capped due to clinical rotation slots and other required resources. Non-cohort programs may be focused on potential enhancements. Deans are compassionately supporting the efforts for recruitment and retention in all programs. Pharmacy program went through some challenges due to demand issues, however, managed to recruit >90% of capacity in current year. Identifying the programs where we have capacity to grow and aiming to fulfill it. Utilizing the satellite sites (e.g., Frisco and Dallas) for an opportunity and holding the momentum for incremental growth. While pursuing recruitment opportunities in programs such as BSN through collaborations with UNT Denton and UNT Dallas, we remain mindful of not hurting our partners in offering such programs. Considering pipeline programs like recruiting Weatherford Community College associate degree students into CBTS, with a pathway to transition into TCOM. UNT Health President's priority is to expand clinical enterprise through local/regional partners. President has meetings with the CEOs of Dallas Magazine and two major hospitals and pursuing to strengthen partnership with DFW area hospitals. <p>Performance Pay: Following sustained and healthy growth in the budget. Implementing initiatives to support academic advancement, enhance faculty compensation, and address market adjustments.</p> <ul style="list-style-type: none"> Precise process with academic growth opportunities including renovation of classrooms. School/Colleges Report	<ul style="list-style-type: none"> • CBTS <ul style="list-style-type: none"> ○ Pharmacology and Neuroscience <ul style="list-style-type: none"> ▪ From Dr. Michael Gatch, Professor and Graduate Advisor: We have 14 incoming PhD and DO/PhD students and 99 students in the Face-to-Face Med Sci Master's program. The undergraduate Med Sci program has 49 new students this fall thanks to the hard work of the staff who have done a lot of work making connections with local community colleges and the work seems to have paid off! Big Congratulations! ▪ Our P & N SEMINAR SERIES/WIPS is underway with updated speaker's lists weekly with speakers from Vanderbilt and UD Dallas in addition to works in progress by our faculty have been scheduled so far. Invitations to fill more dates are available. ▪ Dr. Jonathan Tune was recently named Assistant Dean of Research. He announced a current initiative in support of our faculty's continuing research - the CBTS Research Support Program is providing new funding opportunities to facilitate the submission of new and revised extramural grant applications. Applications for the first round of support are due on Oct. 17. Questions about this funding opportunity should be directed to Dr. Tune. ▪ Dr. Sumien, Interim Department Chair of Pharmacology and Neuroscience announced seed grant opportunities for up to \$15,000 for 1-year of research to increase faculty synergy in team science. ▪ Eye Health Week, hosted by the North Texas Eye Research Institute, is happening Sept. 22-26. This weeklong event shines a light on the latest in eye health, groundbreaking research from our faculty and students, and the steps we can all take to protect our vision. Ice cream, boxed lunches, coffee, treats, and free eye exams and glasses are available for faculty, staff, and students. Please visit the NTERI website for more information about each day's events. ▪ This summer Benjamin Landon was a PhD candidate for Pharmacology and Neuroscience under the guidance and supervision of Kunlin Jin, PhD. He was recently accepted as a Postdoctoral Research Fellow at the Barrows Neurological Institute in Phoenix, Arizona – a prestigious, world-renowned for neurology and neurosurgery. ▪ Dr. Riyaz Basha is seeking prospective mentors to include in his application for renewal of the Research Training Award from the Cancer Prevention and Research Institute of Texas. If awarded, this grant will support up to 30 PhD (including DO/PhD) students and 6 Postdoctoral Fellows over five years. Dr. Basha can be reached for more information at Riyaz.Basha@unthsc.edu.
