

REPORTING

Laboratory Emergencies

Fire Safety

When a fire alarm sounds:

- Turn off all flames
- Close hazardous containers
- Close Fume Hood
- Turn off all equipment
- Exit the building
- If clothes catch fire, cover face with hands, use blanket to smother flames, stop, drop, and roll.
- Never use a fire extinguisher on a person.

Personal Safety

Hazardous Spill:

- Determine if spill is *major* or *minor*.
- Contact Campus Police for all **major** spills.
- Evacuate until Emergency Responders cleared spill.
- Clean up **minor** spills using spill equipment.
- Assist anyone contaminated or injured during the spill.
- Remove all contaminated clothing.
- Use safety shower or eyewash for 15 minutes to remove chemicals.

Animal Safety

Ensure personnel and animal safety in emergencies:

- Animals are not to be housed in lab, unless approved by IACUC.
- Maintain euthanasia equipment for emergencies.
- In the event of an emergency, return animals to DLAM facility, if possible.
- Animals are not to be left alone in the laboratory. If an emergency requires this, contact the DLAM Director or Facility Manager.

Emergency Contacts:

- Egeenee Daniels, DVM
Director, DLAM
Office: (817) 735-2017/Cell: (817) 929-4053
Egeenee.Daniels@unthealth.edu
- Ena Gutierrez, LATG
Facility Manager, DLAM
Office: (817) 735-2039/Cell: (682) 557-9519
Ena.Gutierrez@unthealth.edu
- Sunny Pedigo, LVT
Veterinary Technician, DLAM
Office: (817) 735-0590/Cell: (817) 966-3711
Sunny.Pedigo@unthealth.edu
- Misha Dunbar, DVM, DAACLAM
Associate Director, DLAM
Office: (817) 735-2017/Teams: (817) 735-0562
Misha.Dunbar@unthealth.edu
- Environmental Health and Safety Office
Office: (817) 735-2697
Safety@unthealth.edu
- Randall Christopher
Energy Manager, Facilities Management
Office: (817) 735-0471/Facilities Work Order: (817) 735-2182
Randall.Christopher@unthealth.edu

Campus Police: (817) 735-2600

For environmental problems on weekends or after hours, please contact Campus Police.
They will radio utilities for immediate assistance.
