

SERVIN' IT UP WITH CEAL

Your monthly helping of updates, news, and resources

Project Updates

Asset Map Resource

This month, we completed the development of the interactive community asset map and successfully integrated it into the project website. The map allows users to easily explore available community resources in one convenient location. We are excited to share this new tool as part of our ongoing efforts to improve resource accessibility and community engagement.

Interview Guide Development

The interview guide is currently in development. Initial questions have been drafted and mapped to the PEN-3 model, a framework that helps identify cultural influences on health beliefs and behaviors. We are now refining the interview objectives and expanding the guide to ensure it captures participants' experiences, needs, and perspectives relevant to the development of our CHW program.

Nutrition Content Development

Following another round of feedback from our CHAC members, Bhagyashree just finished her third round of edits on the diabetes-friendly nutrition content she created for the digital dashboard resource. The final review is currently being conducted by a content expert!

Introducing Our Monthly Newsletters!

Greetings, CHAC members! We are entering a new chapter, and would like to start by introducing our monthly newsletters.

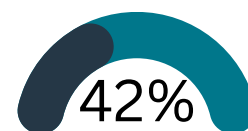

The purpose of these are to strengthen our communication and help keep you in the loop on what our team has been working on. These will typically include a recap of our month with project updates from team members, updated survey numbers, upcoming meeting reminders, and anything else we feel is important to include. In August, we will start reaching out to members to highlight for our CHAC Member Spotlight!

Here's to a renewed commitment to community and continued meaningful impact in the work we do.
Thank you for being part of this journey with us!

Survey Updates

Provider Surveys: 4 of 20

Patient Surveys: 84 of 200

Please continue sharing the survey with your networks!

Message from our PIs

We are thrilled to start year three of the project with you!

A new project year often comes with new goals, and one of them is to increase opportunities for engagement. We are currently planning our next in-person meeting in September, and are excited to inform you that the Annual CEAL Meeting will be held in DFW next spring!

We hope everyone has the opportunity to rest and recharge this summer, and we look forward to seeing you all in September.

Regards,

Drs. Malinee Neelamegam and Stacey Griner

Upcoming Meetings

Time: 6:30-8:30 PM
Location: TBD

Know of any upcoming events that we could possibly table at in the DFW area?
